"I'm sad that I won't be attending the reunion this year - I had already made plans that conflict with this. I'm especially sad that I won't be seeing those who haven't made appearances in several years - like Mary and Jack Killarney. Please give them big hugs from me! I'll expect payback (double hugs) in five years.

Terry and I still have six kids and twelve grandkids between us and we're still in Ashland. I'm still in public relations at Babson College hoping to retire before the next reunion. My mother died in March this year at 89 years - I still miss her!

We were in Europe this past May for two weeks visiting Ireland, Belgium, Holland, Germany and France. Terry's daughter and her family had been living in Brussels for two years that ended in August. So we bit the financial bullet and made the trip before it was too late to take up their offer of a bed. It was a wonderful time - now we've got the travel bug!

I'm starting to show signs of turning 43 years old: I don't like driving at night, I have a herniated disk (and am walking with a cane!), I've had gum surgery (twice!), I was (almost) totally deaf for 3 weeks after our plane landed in Dublin, and I can't remember anything - like my age, e.g.

I have, however, proudly let my hair go completely gray and I really like it! And I hope to get back to my favorite things like kayaking and walking when the spine heals. In the meantime, I like crossword puzzles and reading, but I can't figure out why there isn't more time for them.

I hope the reunion is a wonderful time! I look forward to hearing about it from someone, and to news about the next one! "

"These last 5 years have been very eventful for me and my family. In 2005 my son got married in October. After I had been single for about 15 years, Carol and I married on November 10.

Late in 2006 I began to have a lot of health problems, mostly related to an irregular heart rate and I have not been teaching full time, year round since June 2007.

In September 2007 my daughter was married. 2008 was when I began collecting from NH teacher retirement system. Also in 2008, my wife and I moved to Massachusetts.

This current year I became a grandpa for the first time when my daughter had a baby girl in February. I received my first Social Security check and we moved to the town of Spencer (near Worcester).

The past couple of years I have been teaching math at colleges on a part time basis. I am looking forward to granddaughter number 2 (my son and his wife), due next month."

"The last 45 years have been quite a journey for me. I left King Philip wanting to be a journalist, graduated from Northeastern with a writing/philosophy major, and worked for a small newspaper north of Los Angeles. Moved back to Boston and worked as an advertising copywriter for awhile. Got married, had two children, got divorced. The critical turning point for me came in 1976 when I started going to Alcoholics Anonymous and have been going ever since. Trying to help others with addiction turned into a 30 year career and I now live near Charleston, SC where I am the Director of Charleston County's Alcohol and Addiction Treatment Program. I remarried (for the last time, this time) to a Georgia girl. Karen is a guidance counselor in the schools. We have one 21-year-old son, Brian, a daughter-in-law, Melody, and a new grandson, Conner. Recently my now 32-year-old daughter from my first marriage reconnected with me -- miracles do happen. As for hobbies, I get interested in too many things -- I have a black belt in Tae Kwon Do, play guitar and banjo poorly, am a pretty decent photographer and enjoy writing short things, performing at poetry slams, and blogging. And sports cars. And sometimes I guest lecture on management, leadership, and addiction at local schools and colleges."

"I retired from MetLife July 1, 2008 and moved to Mesa AZ October 15, 2008. We are loving being retired and love our new home in an over 55 Community. I can see Superstition Mountain, Pass Mountain and 4 Peaks Mountain from our front patio. I go hiking in the mountains at least once a week with a friend who moved out here from Illinois 6 years ago. We found a good new Church home which just happens to be right down the street. My oldest son Jim lives out here with his family on the other side of Mesa and we get together every Sunday and they are attending Church with us. We have 4 grandchildren out here, 3 in Clinton, IA, 2 in Dallas, TX, 2 in Bella Vista, AR, 1 in Orlando, FL and 5 in West Palm Beach, FL. So we checked out all the places on where to retire but definitely wanted to be where we could golf all year round and it was warm and NO SNOW!!!

We usually golf 3 to 4 times a week. Active in Church and in our community. I don't know how I found time to do things while working. Still don't have the time to do the reading or any other hobbies I wanted to start when retired. Hope everyone has a good time at the 45th."

Reflections/Favorite Memories: My favorite Memory of King Philip was being friends with Priscilla Bennet and listening to their band. I can't remember the name now.

"I've just spent a month in MA visiting family and friends. (I miss them already, and watching the Red Sox games on NESN). My husband bought the baseball pkg for me here in Florida, but the commentary is NOT the same. I'm CRAZY for the RED SOXS!!!! I won't be heading back up there til spring. It would be great to see everyone and I'll miss not being with you. Life is good but time goes by way too fast. I can tell by those creeping lines in the face! YUK! A face lift sounds good!

I continue to work with Autistic children in my church and a hospital visitation ministry. Our church has about 8,000 people so you never know how many people you'll be seeing. I've recently added a part-time job in an upscale second hand clothing store for fun. I already owe the store!

My husband golfs, golfs, and oh, did I say golfs? He just fought a battle with cancer, and WON, thank you GOD. It's nice to see people on facebook and keep in touch. I enjoy seeing family pics. Please tell everyone to feel free to add me as their friend." (Note: Carol notified me that she is temporarily off facebook, so use email to contact her.)

"Well I waited to the last minute on this, but I really cannot make the trip. Things with my wife's health have not moved as fast or as far as I had hoped. So I will miss this reunion.

I start my day by thanking God for my country, my parents, my school and for those who have cared and helped me in life. It goes on but I really do think that we had it so good many of us did not know it 'til much later. I am sure that a lot of why I could go on during some sad and tough times is because of the environment I came from and how that helped me become me.

So to all, thanks to all of you and I wish God speed and good luck. Like one of my favorite songs says, *"we will be together."* ***"Long live rock n' roll"*** - have a dance for me."

"You mentioned the 50th year reunion in your email -- that is shocking to think it has been that long since graduation! Where has the time gone? I still feel like I'm in my 20's (maybe 30's).

I'm still working--as an engineering (nuclear) consultant--in my own sole proprietor business. I don't see myself retiring in the near term. The money is good and the work is interesting. My dad (now age 91) worked until age 75, and I guess I'm doomed to the same fate. Besides, my 401(k)s took a bad hit with the stock market. I still have a lot of flexibility in work schedules and enjoy overseas travel. Eastern Europe is my target destination--having found relatives I never knew I had in Poland.

My wife, Alice Jean, and I have been married for a long time and have two grown children. We've lived in the Atlanta metro area for almost 40 years. We are all workaholics in this family, but manage some to take exciting vacations. Life has been good. I feel like I've exceeded my 1964 life goals, except I'd like to have a farm some day.

Please extend my best wishes to all our classmates and their loved ones."

"I went to the University of Connecticut, then University of Oregon School of Law. Practiced administrative law (represented local boards) in Oregon 'til I took early retirement to travel with my husband when he retired (he was an economics professor at the University of Oregon). We did a huge amount of traveling, including living for 8 months in Ghana, a year in Paris, and several years in Italy. We have 6 kids between us (my 4, his 2) and 6 grandchildren - 3 in Phoenix and 3 in Rostock, Germany. Now quietly retired and living in the foothills north of Tucson. I've taken up tennis and love it. My women's team (super-seniors - 60 years old and up) is playing for the national championship at the end of October. Sorry I can't make it this time - 50 years for sure! "

"Well here we are forty-five years later. Just doesn't seem possible . . . some of us have grandkids the age we were when we left K.P.

How many of us can really say our childhood dreams came true? Well I can! I always said I wanted to be a ballerina, teach dance and have four children. I've been blessed with five wonderful children. My daughter Delight lives in Wrentham and has twin daughters, Delaney and Sydney (11 years old). Joy lives in North Attleboro and has a 16 year old daughter, Kalyn, and a 10 year old son, Quinton. My son Brock is a carpenter and avid sportsman who lives in Wareham. Chance lives in Plainville and has two sons, Gavon (8 years), Colby (6 years), and two step children, Thomas (18 years) and Elizabeth (17 years). My youngest, Jayce, lives in Foxboro and has a son Bradley who is 2 years old. Yes, I was given my wish of children!

I also was blessed to have many children (age 2 to 55 years) who come to my dance studio. I am celebrating my 45th year teaching at what was formerly Sarazin Dance Studio in North Attleboro. For the past ten years, I have owned it as Stars of Tomorrow. After working 12 years at Wrentham Health Spas, I started my own cleaning business and have been doing this for the past 25 years. I still have some of my original clients

Well I do keep busy, love to dance, teach and be with my friends and students. I may not be a star, but I am so lucky I get to dance with my Stars every week!""

"It was good to talk to you the other night. Don't know how you manage to find me, but am glad you do. As I told you, I rarely go off Cape. Car is older but reliable and I guess if I have to be honest, I have so much work around the house and yard now, I'm too tired to leave the Cape.

If you would like read this email to our classmates, by all means do so. With the stroke I had two years ago I don't spend hours writing and illustrating the children's books that I used to anymore. Used to spend hours at this computer writing and editing. I know my publisher would like to see me get

back to writing, but my left hand does not like to type as well as it used to and surgery on it right now would not be what I would like to embark on.

I wrote four books, the first, "Hoover's Summer Tale", by publisher illustrated. Naturally, I knew I could do better, so I began illustrating myself. It was so much fun to see how the illustrations of the Chipmunks evolved and improved. Six generations of Chipmunks have grown up in our lovely one acre yard and I am still feeding them every day. Sounds mundane probably, but I'm disabled and retired and love the life of leisure that I now lead. No more 11 to 7 hours in Florida managing a convenience store in Ft. Pierce or Vero Beach, nor opening the store at four in the morning after tossing, turning around and worrying if the store was safe or being robbed in the middle of the night. No more responsibilities either.

I wish everyone the best and hope that their lives have been healthy and prosperous. Hope to see you and your husband if you happen to get down to Cape Cod one of these days. Best wishes to all, Nancy Lee"

"I have served Clemson University in a technical status for 37 years. In 1995 I thought it would be great fun to go back to college and obtain a BS degree in Plant Pathology. I worked full time and took classes on a part time basis. I even had classes with my daughter a time or two. I received a diploma on December 11, 2005. I am now a Research Associate for the Entomological, Soil, and Plant Sciences department on a part time basis.

My husband Leon (Jr.) Luszc is fully retired and gaining a voracious appetite for books. Our two children are married and are not parents yet. We enjoy working with our dogs, traveling, and generally just being with one another. We have a great love of horses and antique automobiles as well. My mom, my two sons and their wives and children all live here in adjacent houses. If all goes as planned, we should have a 130' wind turbine erected on our field by next spring. I still love to ski, bike and hike in the mountains. I am studying photography and digital printmaking and trying to play my flute again after a brief 45 year hiatus. "Judy and I celebrated our 40th wedding anniversary in May of this year. It doesn't seem possible that we came back from our honeymoon to celebrate the class of 1964's 5th class reunion 40 years ago. A lot has happened in that time frame. The most recent major change in our family was the passing of my mom a year ago March 17th.

We currently have only two cats. This is down from eight a number of years ago. You would have to say we are animal lovers. Along with going to our second home in the lakes region of NH, we have a number of activities that we enjoy;

Judy does decorative painting, counted cross-stitch, and reading in her spare time - which is rare, and now that I am retired I enjoy getting out and playing golf as much as possible, working out, and taking care of the yard.

We are looking forward to being retired and moving to South Carolina. A few years ago we purchased a lovely lot in Cedar Creek in Aiken, SC. Cedar Creek has a championship golf course, and is located only 18 miles North of Augusta, Georgia. Our goal going forward is building a dream retirement home, away from the dreary weather of the Northeast, and enjoying the pace of southern hospitality.

We look forward to seeing all of you at this year's 45th class reunion. To enjoy the evening sharing stories, laughter and catching up with what's been happening in our lives and to talk with a number of classmates that might be showing up after missing the prior reunion."

"After so many years of very little change, I've changed just about everything. After 42 years I ended my marriage. I'm about to make my 5th move in 2 years. I hope this is it for a while. I moved to Elkin, NC last year but after not finding a job in Elkin and having a job in Charlotte, I decided to look for a house in Charlotte. After 3 tries in the real estate market I hit a winner. I'll sign papers on September 23rd just before leaving for the reunion. While in MA I'll move the rest of my stuff and my sister Ruth's stuff down here.

I work with the elderly here in Charlotte and have been for 6 1/2 years, 5 1/2 in MA. In MA I was in Activities in the Alzheimer Unit at an assisted living facility. I loved it, but when I transferred down to Charlotte, they didn't have an Alzheimer unit. So I'm a receptionist, which is fine. I don't need to work as hard as I did at Woodbriar.

I'm still the mother of 5 children but now have 12 grandchildren. My youngest is finishing up in the Navy and will run for representative of the Upper Cape in November 2010. For all you Cape Codders, he's a great person and he's single. After 13 months of living 2 places, I'll be glad to live in one place and get back to all my hobbies, and maybe even get a life."

My wife Karen and I have no immediate plans to leave the area but are not crazy about the prospect of many more winters in this climate. At least not in upstate NY. We have pretty much decided that we will ultimately settle in a city where we can enjoy all the amenities and activities a city has to offer. Karen's medical history requires that we also be near high-quality health services. Now we just have to find the ideal city, with the ideal climate, that is the best value. Boston would certainly be wonderful except for the climate and the value part! We continue to research new areas and we shall see where we land.

In June of 2008 I retired after 30 years in hospital administration in three states. I got the urge after my stint as an Army medic in Viet Nam. For the last three work years I was the President & CEO of St. Clare's Hospital in Schenectady. The state of New York mandated that my hospital come together with the other hospital in town under a statewide closure and consolidation plan. My Board asked me to "ride it to the end" which I did in exchange for a very fair package. We were able to

For now, Karen and I play a lot of golf (badly but earnestly) enjoy having dinner with friends we have met here, and attend shows and events in the Capital Region. Summers are great here but the winters are LONG AND DARK. We have done some traveling and intend more, often with my sister Barbara and her husband who are also retired.

It remains one of the great prides of my life to be the President of the Class of 1964. You were and are the best. Good health and good fortune to all.

Reflections/Favorite Memories: It strikes me that times are very different than they were in 1964. For kids, things were far less structured and organized and we had to occupy ourselves with friends, jobs and outdoor activities without the "benefit" of computers, cell phones, IPods, lessons for everything, and power shopping. Or maybe I'm just getting cranky: "GET OFF MY LAWN!"

I have many fond memories of KPRHS, our class and that time. One that stands out however, is working at the King Philip at Lake Pearl with Whitey, Moose, Eric, Rich, and many others. I especially remember the day I (at the ill-advised urging of several of the guys) told Edbury Enegren to shove the apron up his ___ and quit my job. A moment of fame and glory and weeks of worry over no job. Another is many lazy days of swimming at Henderson's. I also remember the junior year fist fight (my only in-school tussle) in the traffic circle in front of the main entrance. It was over a girl (who shall remain nameless but knows who she is) and Assistant Principal, Walter White, watched the whole thing without intervening until it was over. We managed to settle it without his help. Wise man.

"Retired in 2005 after 37 years of banking just in time to welcome our first granddaughter, Ava, into the family. Ava was quickly followed by Ella in 2006, Audrey in 2007, twins Lila & Evan in 2008 and baby Christopher in December 2008. Steve and I (now married almost 42 years) are so blessed to have such beautiful, healthy little ones to keep us active and busy, busy, busy. We love every minute of grand parenting and the little ones amaze us every day with their accomplishments! We are also lucky that our son Christopher & his wife Kara and our daughter Allison and her husband Christopher live so close by.

When we are not having fun with the little ones we enjoy travelling, reading, kayaking, visiting with friends & family, friendly "competitive" games of trivia, canasta, pitch and scrabble (with my 91 year old mom who continues to beat me!) and of course - relaxing in front of our gas fireplace (we confess, even on a cool September morning we're at the age where a little warmth keeps the chills away)."

I am sorry to say once again I am unable to attend the Class of 64 reunion. We've had two trips to the States this year and a third is just not feasible at this time. Paul and I celebrated our 5th wedding anniversary in January with a mini cruise to Mexico. It originated in Florida so we explored a lot of that while there too. We have family and friends there so it was great but colder than we would have liked. We were in Massachusetts for two weeks in July for a wedding on the Cape so spent most of our time there with family and did not get to see many old friends from the Wrentham area. I apologise to anyone who may be trying to contact me through the Classmates website. I can seldom get into that site and can't even pay the joining fee as it does not like my address. If you really want to get in touch, please use the e-mail address above. I check that everyday and I always reply, eventually! I'd love to hear from you. Life for me is extremely busy. Paul and I are involved with the running of a small church here. Since I am among the youngest members and no longer have a career I am able to open our newly renovated building for weekly activities most days. We are seeking a replacement for our newly retired minister who has always proclaimed our church and the role it plays in our community as "the jewel in the crown". His praise and the appreciation of the community in general is far more rewarding to me than any job I have ever had no matter how healthy the salary. Paul is a successful Business Analyst. We both work hard and play harder! As part of our social

life, we belong to a Wine Club. We've recently been making our own wine and have won 1st, 2nd and 3rd prizes within the club and at our village shows. This year Paul won the "best in class" trophy at the show for his red wine. Area Wine Clubs hold several dances a year so we are still swinging and swaying to the oldies too. I also sing with eleven other ladies in a jazz group called the Blue Notes. We are quite popular locally and I can carry enough of a tune to be allowed a few solo bits. We were recently recorded at a concert and we sounded pretty good but don't look for our CD just yet! Both Paul and I sing in another music group together. We are currently rehearsing for the Gilbert and Sullivan production Trial by Jury which will be performed in our Village Hall later this year. I was fortunate enough to gain a lovely English "daughter" through Paul and she in turn presented us with a great Indonesian son-in-law and 2 beautiful granddaughters, ages 4 and 1 and 1/2. They live locally and of course are delightful. We also have two goddaughters in France. One is 2 and the other 2 months. They will be returning to England in 2010. My American family continues to expand too. If you see any little Rogersons, Kettells or Pasquintonios in your travels, they are probably related to me, especially if they are adorable! **Reflections/Favorite Memories:** Among my favorite memories are some of our fine teachers, in particular the younger ones like David Sumner and Carl Nickerson who really related to us and supported our hopes and dreams. I also have many fond memories of my long time friends Linda Post (Cobb) and Judy Gosselin (Nelson). Although they are no longer with us, they will always be a part of me. **Favorite Song of the "Sixties":** "Let it be me", Everly Brothers I also liked The Beatles' "Lovely Rita, Meter Maid" I used to pretend they were singing "Lovely Reta, Reta-May"! I've always loved Dusty Springfield's "Son of a Preacher Man". Now that I've married one, it means more than ever. Cheers to all, Reta-May

I thought perhaps I could pull off a quick, Friday through Sunday trip for the 45th, but it won't work. I will be in Wrentham, Harvard and Belfast, Maine for ten days in October. Sister and brothers are spread out a bit.

My husband, R.J. was diagnosed in 2001 with brain cancer and died in 2002. His parents "take care of me and I, them". They are 90 and celebrated their 67th anniversary yesterday.

I would love to be there on the 26th and will be thinking of you all. I will try for the 50th.....egad! I look forward to receiving the e-booklet you put together.

"I married a Turk in 1972 and went to live in Istanbul, where I was a German teacher in a private school for 8 years. After 10 years of marriage, my husband died in a scuba diving accident in the Aegean, and I returned to the U.S. in 1983.

By that time, my mother had retired and moved to Florida to be close to my sister and her family, so I came to Florida for a short while. Then decided I wanted to return to my New England roots. I went back to college to study for my Master's degree and met my current husband Jim in Cambridge, MA. While I was living in Cambridge, I attended our 20th year reunion (that would've been in '84)-- it was fun to see everyone! I can't believe 20 years have gone by since then!

Four 1/2 yrs after Jim and I met, we married and now live in Tampa, FL. Go figure! I am lucky to still have my 95-yr old mother alive and living independently near us. My sister and her husband live in Clearwater, FL. I never had children, much to my regret. However, Jim's children are wonderful to me, and we now have 3 grandkids - all boys!

I am still actively working and serve as the webmaster of the University of South Florida College of Education. I also do marketing, a lot of writing, and work closely with one of our doctoral programs that offers a Ph.D. in Second Language Acquisition/Instructional Technology - I enjoy that a lot since we have quite a large number of international students in that program. "Living in Florida and retired. Collecting SS and 2 small pensions from past jobs. Living with my 3rd wife Emily. She is from the Philippines and came here in 2006. We got married in 2004. She has a 4 year degree in computer science and works in a local hospital.

We love to travel and that is made possible by my retirement from United Airlines where we receive free passes all over the world. (Yes, I did say free). Hope to do Italy soon if we can save enough.. hehehe.

Have 2 kids and 6 grandkids. 3 in Wrentham and 3 here in Florida. 1 in college, 1 in high school, 2 in jr. high, 2 not in school yet.

Any word from I. SPENCER BETTS?"

"Ed is retired and enjoying the good life. I am still working at a job I love as an SAP Business Analyst.

We have 3 grandsons; Eddie is 8 years old, Michael is 5 years old and Lucas is 3. We also have a beautiful granddaughter Lauren who is 1 year old.

We are very blessed."

Updates from some of our learned teachers.....

Bill LePere, Mathematics: "I retired in 1993 after 32 years at KP. I still work part-time at Collette Vacations. I summer in Narragansett, RI. I also still have two English cars. A 1979 Spitfire and a 1972 TR6. They occupy a great deal of my time. I meet once a month for breakfast with retired teachers. We meet a Mackies in North Attleboro. I have great memories of KP. I also have enjoyed the KP alumni page. Living in North Attleboro I see many graduates of KP."

Bob Perry, Mathematics: "I retired from the Math Department at King Philip in 1993. My present entertainment activities include reading, golf and playing in Texas Hold'em Tournaments at Foxwoods Casino."

Reflections/Memories: I have nothing but good memories of my years at King Philip.

John Robbins, Business Education:

"Still happily retired.
Still living in Norfolk.
My wife Pat passed away in 2005.
Oldest Granddaughter married in 2008.
My Grandson John Rockwood is a marine serving in Afghanistan."

Reflections/Memories: Opening of school in 1957. Football & hockey practice.

Favorite Song of the "Sixties": Peter, Paul & Mary - Johnny Cash

Updates from some of our learned teachers.....

Dave Sumner: "Retired from KP in 2001 after 39 years. Loved teaching and was blessed to have so many good students over the years. Currently semi-retired - running my own business doing interior painting. Now living in Norton with my partner Bob to whom I am legally married. I enjoy photography, nature, cooking, hiking & bicycling. Recently we traveled to the Azores and to Italy and each winter we visit friends in Florida.

Reflections/Memories: I will always remember being in my classroom and learning of the Kennedy assassination. The class of '64 was my second year at KP - so much better than my first year and the infamous class of '63.

Favorite Song of the "Sixties": Anything by the Beatles

Gail (Wexler) Tishler, English: "On May 6, 1967, Lois Curran, Art Teacher & I spent an evening in Boston. That night, I met a guy named Ron Tishler, an eye dr. We got married in '68. We have two sons, Kevin - a director of retail planning for Lacoste. Kev is getting married in October. Dr. Darren, a surgeon is married & has two daughters, ages 4 & 7. I'm currently a middle school guidance counselor in CT." **Reflections/Memories:**

1. 1st teaching job at KP when I was 21 years old. I paid student prices for lunch for several weeks until cafeteria staff realized I was a teacher.
2. Chaperoning proms at KP Ballroom.
3. Chaperoning trip to NY.
4. Drama Club - directing Cyrano DeBergerac with Elaeonor Altar.
5. Skiing with my teacher friends.
6. Teaching with a wonderful staff at KP and kids I'll never forget!

Favorite Song of the "Sixties": Beatles - "Imagine"

Update: DEAR CAROL -
THANK YOU FOR INVITING ME TO YOUR 45TH CLASS
REUNION. I WILL BE UNABLE TO ATTEND DUE TO
A HEALTH PROBLEM WITH MY WIFE.
I HAVE THE YEAR BOOK AND REMEMBER THOSE
TIMES. I KNOW YOU WILL HAVE FUN.
